***Patients are seen in order of appointments, as much as possible. Occasionally, it may appear that someone is being seen "out of turn". This occurs because the doctors, of necessity, must spend more time in consultation with new patients, and this may affect the normal patient flow. We will try to make your wait as short as possible and your understanding is appreciated.

Unpaid Co-Payment Process Fee Acknowledgment and Appointment Authorization Agreement

Our physicians hold a responsibility to recommend what treatment you may need. Any recommendations are based off of your history, any testing, labs and office exam by our office. Your physician and nurse will give you any options available for the treatment and thoroughly answer any questions you may have.

This form serves as notification of a specialist co-pay that each insurance REQUIRES Urology Specialists to collect at the time of service in the amount of _____. If you feel that this amount is incorrect and/or has changed, it is the responsibility of the patient to provide Urology Specialists' staff with the correct amount and insurance information. This co-pay amount is an estimated cost and may be more or less as will be determined by your insurance company. Also, there is no guarantee of payment for procedures and visits performed. Any denial of this will result in financial responsibility of the office visit and any procedures to fall upon the patient and will require payment of the amount in its entirety.

IF you are unable to pay Urology Specialists the co-pay as listed in your individual insurance policy today, you claim awareness to be billed for the co-pay plus an additional processing fee of $15.00* as specified in our billing process. If chronic non-payment occurs it will constitute a hold on the account and pre-payment to the account before the next visit will be scheduled.

Some insurance require a prior-authorization from the insurance company itself and the lack the authorization or referral required as noted in the individual policy will result in non-payment from the insurance company. If your insurance requires an authorization or a referral, it is THE PATIENT'S responsibility to ensure this is received in a timely fashion. Stating this, financial responsibility of the office visit and any procedures will fall upon the patient and will require payment of the amount in its entirety if a denial is received for lack of authorization. We are not part of the relationship you have with your insurance company. If your insurance company denies coverage for your benefit for any reason, you will obtain responsibility to become financially responsible for the amount due. If any questions arise regarding a bill, contact Urology Specialists' billing department at 256-882-3626.

I authorize the release of any medical information necessary to process any insurance claim on my behalf. A photo-stat of this authorization shall be considered as valid as the original.

A "no show" is someone who misses an appointment without canceling it 24 hours prior to their scheduled appointment time. "No shows" inconvenience those individuals who need access to medical care in a timely manner. I acknowledge and agree that a failure to appear at the time of a scheduled appointment will be recorded in my medical chart as a "no show." An administrative fee of $25.00* will be billed to my account for a routine follow up. A $50.00* administrative fee will apply to procedural visits, such as a biopsy, cystoscopy, vasectomy or any in office surgical visit. I acknowledge and agree that "no show" charges are my responsibility and will not be billed to my insurance company.
